Divorce Hearing Begins.

The divorce case of Mrs. Lena Brown Christensen against Norman Christensen came up in the district court last evening. The testimony of Mrs. Christensen was given, but at this stage the attorney for the defendant, J. B. Bagley, objected to the plaintiff testifying in such general terms as to the alleged cruel treatment. Judge Howell ruled that the testimony in order to be admitted under the complaint must be more specific and must be confined to a period included within the past three years, as alleged in the complaint. On this the attorney for the plaintiff asked leave to amend the complaint, and they were given until noon today to do so.
